---

Carlos,

Discussed with David; the PRPs' contractors will on be resuming work at 7 am Tuesday & David will be travelling on Monday.

Regards,

Gary Miller

Gary,

I talked with David and he is available to oversee the PRPs cap repairs. You mentioned that PRP divers need to take training on Monday and they would work on Tuesday.

Please check and see if David needs to be there early on Tuesday morning , so he can go to Houston Monday afternoon, or by Tuesday noon so he can head out Tuesday morning. Thanks
